

FOR REPRESENTATIVE

HON. E. BULLOCK

To the Republicans of the 70th Legislative District of Kentucky:
I hereby announce myself as a candidate for the Republican nomination for Representative from this District, subject to the action of the Republican party as expressed in the primary election, the 2nd day of August, 1919.

In making this announcement I desire to refer the Republicans to the record that I made while serving in this capacity during the 1916 session. If my record is approved by my constituency, I feel that I should be endorsed by being again returned to Frankfort. If I am successful in the coming primary and shall be elected in November I will do everything within my power to properly represent this district and advance the best interests of all the people of these two counties.

Thanking you for honors heretofore conferred, and assuring you that they are deeply appreciated, I beg to remain,
Yours sincerely,
E. BULLOCK.

NOTICE!

ROCKCASTLE FISCAL COURT

Call Term 8th day of February, 1919

On motion of J. R. Evans, seconded by W. D. Mullins, it is ordered by the Court that the Sheriff of Rockcastle County open a poll in each of the voting precincts of Rockcastle County on the 15 day of March, 1919, to ascertain the will of the electors of said County on the question of "Are you in favor of voting a 20-cent Road Tax for the purpose of constructing and improving the public roads and bridges or both as the Fiscal Court of said county may direct. Said taxation to run a period of 5 years.

CONTRIBUTES INTERESTING ARTICLE

Brodhead, Ky.

Editor Mt. Vernon Signal,
Dear Sir and Brother:—I feel like Paul said, Woe is unto me, if I preach not the gospel but my health has been such, for the last few months that I cannot get out and do much preaching, so my only alternative is to get a little sermon occasionally in one corner of your paper.

My text will be found in Isaiah. 31:1, 2.

"The wilderness and the solitary place shall be made glad for them and the desert shall rejoice and blossom as the rose." Of course, this passage is a prophecy, pertaining to the kingdom of Jesus Christ. But this glory and prosperity oftentimes depends upon the changes in material things, in order that the blessings may be given in spiritual things. Taking this

view of the subject, we ought to be profoundly thankful to day that this prophecy of the ancient preacher is being fulfilled in this our day and generation. Large tracts of desert lands in the far west as large as kingdoms have been reclaimed and filled up with industries and liberty loving people, and the christian ministry has followed, and in chapel or gospel tent has proclaimed Jesus Christ and salvation in His name. Thus the desert has rejoiced and blossomed as the rose, both materially and spiritually, and we ought to unite in thanksgiving to our Heavenly Father for such inestimable blessings.

Then it is befitting, too, that we rejoice to day because this America of ours, at one time a wilderness has been made to rejoice and blossom as a rose under the magic touch of christian civilization. Just think with me for a few minutes. In 1607, a few adventurous English gentlemen landed on the James river in what is now called Virginia; they built some cabins and a log meeting house, and hewed a baptistry out of a trunk of a tree, where among others, many Indian princess and daughters were baptized. Then thirteen years after the first landing at Jamestown, some others of the same race, after a stormy voyage crossing the Atlantic with their bibles, landed one bleak winter day on the shores of what is now called Massachusetts.

These people began to cut down trees, clear the forest and worship God. These people, these two little colonies, (though they did not know it,) were fulfilling the words of my text. "And while these colonies were forming the beginning of a new republic, Roger Williams, Eliot and Mahew, were out in the dense American woods preaching the gospel of peace to the Indians and making this great Christian nation a possibility. From these small beginnings have arisen a Christian civilization that is destined to bless the whole earth, to the remotest generations. Today it is but proper that we give thanks to our Heavenly Father for so rich a heritage as this country is.

The world is ignorant of the extent and resources of our beloved America. The average foreigner, and many of our own people do not realize the extent and the re-

sources of this grand country of ours. Just think of it, Texas could raise almost enough cotton to supply the world. The rulers in Germany seemed not to know when they treated the United States with perfect contempt that we have one state that is as large as Germany, Belgium, Holland and Switzerland, with a few square miles left over, and that there is a great river in Texas running across the state from the eastern border to El Paso on the west that would reach from the Atlantic Ocean clear across France, Belgium and Germany beyond Berlin. Or it would reach from the southern border of France to Manchester, England. California would reach from the the southern shores of France clear across France, Belgium, Holland and into the North Sea. California would reach from the Atlantic Ocean on the east clear across France, Belgium, and Germany to Berlin. Montana is nearly as large as Germany. And when we think of this North America, once a wilderness and

a desert, but as we see it now, with its 9,430,000 square miles of territory, with its 110,000,000 population, we can see the fulfillment of the text, "The wilderness and the solitary place shall be made glad for them, and the desert shall rejoice and blossom as the rose." As we think of it, we ought to give thanks to the Alwise Being for the splendid crops in the past year. The yield of wheat was nearly a thousand million bushels. One half of this is enough to furnish bread for the people of the United States.

Last year, we sent on a hundred million pounds of butter and cheese to the Allies. Today the countries of the world are looking to the United States not only for bread and meat to sustain life, but the evangelizing of the world must be led by the messengers of the cross, from this land of christian civilization. Today the messengers of the gospel from America are carrying the gospel tidings of salvation to all countries on the face of the earth. Think of the work in Africa, India and China. Under the touch of christian civilization, and that under the influence of a christian Governor from Kentucky, Porto Rico, has adopted prohibition of the liquor traffic, and China has redeemed herself, and her four hundred million people from the opium trade. Many of the wild tribes of Africa have been transformed from savagery to christian civilization. Again we feel like it fitting on occasions like this, to thank God for the spread of the fraternal spirit. Guided by the word of God, we are becoming more and more one people. The war has taught us many good lessons. The millionaire's wife has been working side by side with the wash woman in the Red Cross stations; the banker with a salary of ten thousand dollars a year, has marched in the ranks of the army, shoulder to shoulder with the plow boy; the college professor has gone fourth in the ranks with the coal digger from the mines. Thus, this Government is becoming more and more a great social compact, a great common brotherhood. Then following the words of the text, we ought to thank God that the British Army has won from the infidel, (otherwise called the awful Turks), a great Empire more than a thousand miles long and nearly as wide, with two thousand miles of navigable rivers and hundreds of miles of sea coast. Mesopotamia, the cradle of the human race, the seat of the garden of Eden, the country Noah's Ark rested in, the home of Abraham and Isaac and Jacob, has been won for christian civilization. The Holy Land, the site of the great Temple, the tomb of the Savior, the cities where the gospel was first preached, have all been restored to humanity, and the gospel of Jesus Christ. Mesopotamia, under the influence of

W. F. BAKER

The Bright Spot Just Opposite the Court House

christian manhood, and christian womanhood, is destined to become one of the greatest wheat growing fields in the whole world. Already, deserts in that country are being reclaimed, and vast orchards of dates are being planted. Under English control, there are thousands of steamers on the Persian gulf and the Tigris and Euphrates rivers. They tell us that there is more traffic on the Tigris river, than there is on any river near London. Bagdad is destined to become the center of a tremendous commercial activity under christian influence. The vast deserts between the site of ancient Babylon and the river Jordan will in a few years, be reclaimed and brought into a state of high cultivation, and the gospel will be proclaimed to listening multitudes whereonce stood numerous temples of idolatry. We can now see the fulfillment of our text. I think today more than ever before we can sing:

"The morning light is breaking,
The darkness disappears,
The sons of earth awaking
To penitential tears.
Each breeze that sweeps the ocean,
Brings tidings from afar,
Of nations in commotion,
Prepared for Zion's war."
Then as a nation, we ought at the beginning of this new year 1919 thank our Heavenly Father, that the great nations of the earth have at last laid down the sword and taken up the implements of peaceful industry, and that our president is now engaged in helping all the nations of the earth, to live in peace with each other, and love and worship God, that their desert and wilderness countries, and solitary places shall be made glad for them, and the desert may rejoice and blossom as the rose."

Taking it all together, we have much for which to be thankful.
Respectfully,
A. J. PIKE.

LIVINGSTON

J. P. E. Drummond received a message from Newport, Tenn., that his mother was dead. He left on No. 31 Wednesday night for that city. — Mr. and Mrs. Egbert Hayse, of Cincinnati, and Mrs. Ed Quinn, of Paris, Ky., are visiting relatives here this week. Died: February 8th, Mrs. J. N. Ward, of this place. She had been sick of that dreadful disease, pneumonia. She was buried at the family burying ground, near Brodhead. She leaves a husband and a host of friends to mourn her loss. — We are pleased to see the good old

county of Rockcastle awake to a sense of their duty, and we believe it will not be long until every boot-legger is banished from our midst, and we can give Old John Barleycorn a burial, from which it is to be hoped there will be no resurrection for him. What a nice country this would be if the curse of whisky was forever abolished, and crime become almost a stranger. The thing to do is for all citizens to assist the officials in this work, all working together the battle would be half over. Take whisky out of our county and there will be many more happy homes. — Died: February 9th, Thirlen Mullins, little son of Mr. and Mrs. M. H. Mullins, 9 months old the 23rd of this month. He was laid to rest Monday in the family burying ground in the Ward cemetery. The parents of the little one have the sympathy of the entire community, as they lost their home and almost everything they had about a month ago by fire. — Mr. Mullins requests us to say that he wishes to thank the citizens of Livingston for their untiring ef-

forts during the sickness of their son, and especially Mesdames Geo. Griffin, W. R. Dickerson, D. B. Rambo and B. H. Griffin. — J. H. Walton, who has been very sick for some time is much improved. — We understand that the surveyors have completed the survey of the route for the pike up the river, and they claim that work will commence when spring opens up. We are not a doubting Thomas, nor a prophet, but will be glad when it is completed. — C. J. Rice has returned from Cincinnati after a few days in that city. — John Cockrell was in Paris, Ky., from Saturday until Sunday. — Mrs. Ab Wolf, who has been confined to her room for the past six months, remains about the same. — Rev. Masters, of Brodhead, filled his regular appointment at the Christian church Saturday and Sunday. — G. S. Griffin was in Mt. Vernon, Monday, attending court. — J. R. Mink was in Louisville latter part of last week to see his brother, who has come from over seas and is now at Camp Taylor. — Mrs. John [Continued on 2nd page.]

THE Co-Operative Land & Development Co.

Is an owning operating and marketing company, organized for the purpose of developing oil and gas.

This Company was organized January 1st, 1919, and now owns

FOUR PRODUCING WELLS

IN ESTILL AND LEE COUNTIES

Has a royalty interest in nine others and has six wells contracted for with room for 125 more.

The Bourbon Oil & Development Co. was organized only 18 months ago by the same people who organized The Co-Operative Land & Development Company. \$100.00 invested in Bourbon Oil Stock 18 months ago is now worth \$2,500.00.

Oil is the greatest business of the age for big returns in quick time.

By taking advantage of the accumulated experiences gained from a close acquaintance with Eastern Kentucky oil fields, and by concentrating its efforts on proven territory The Co-Operative Land & Development Co. expect to reach a dividend-paying basis in an unusual short time.

This stock has advanced twice in the last 30 days and is now selling at 30 cents per share.

MEMBER OF
KENTUCKY PRESS ASSOCIATION

ANNOUNCEMENTS
We are authorized to announce
HON. E. BULLOCK

as a candidate for Representative from the Seventh legislative district, composed of Rockcastle and Laurel counties, subject to the action of the Republican party at its primary election on August 2, 1919.

THAT SIXTH resolution adopted by the Citizens Mass Convention in Mt. Vernon was a blunder—a regular wall-pooler. It not only condemned John Barleycorn but reached out and dealt a blow to gambling and pistol toting, then gave a solar plexus to the lie swearer. In condemning the late named crime, the Convention said a "whole heap." But let her be said again and again, for the curse of this old county is perjured testimony. Men boldly go upon the witness stand, in the very presence of the officers themselves, and deliberately bear false evidence. This paper says arrest them—then—and there—right on the spot; then fix a bond so high that they can understand the seriousness of the charge against them. When a bond is fixed, then require a good bond—a surety out of whom the amount could be made by law. Then proceed to indict the criminals and prosecute them like the officials meant to stop the giving of such testimony. When this policy is pursued, you may take it from this old observer that such high crimes will stop and that very quickly.

America must increase its dairy herds. There are only twenty-four million milk cows in the United States today as compared with thirty-five million in 1914. Dairy cows by the millions have been slaughtered for food by Denmark, Sweden and Norway. All European dairy herds have been sadly reduced. This country must provide and sell dairy products to all Europe. We need more than forty five million milk cows to do so adequately. The farmer who increases his dairy herd now is not only doing his duty to the world, but is certain to profit thereby himself. The shortage of milk cows positively assures high price for milk in the next four or five years. For your own sake, as well as to help the world, milk more and better grade of cows. Ship your cream to the city. You can get regular shipping cans for that purpose and prompt pay for your milk.

What public improvement is going on in Mt. Vernon? If we would grow, we must unite our efforts and combine our capital. An enthusiastic community spirit should cause our people to meet and plan to do something that will advance this town and county. There is much to be done and we are losing most valuable time—time that can never be recalled. So, gentlemen, let us be awake to the necessities as well as the possibilities that peep out ahead of us. May we be moved to our level best to put Rockcastle on the map and make her a more desirable place in which to live and do business.

More tobacco will be raised; more buckwheat harvested and better stock bred in this year than was ever known in Rockcastle before. Burrah for the farmers of this old county! The Signal rejoices with every one of them in their prosperity.

Don't forget the meeting of the Committee of the various precincts in Mt. Vernon tomorrow, at 1 o'clock p.m. It will do you good to attend. The county will benefit by the hearty co-operation of everybody on the enforcement of our criminal laws. Drive the criminals out, for we don't need them here. They are a curse to the community.

BRODHEAD

A few days ago a petition was being circulated asking the County Judge to call an election to obtain the sense of the voters on the road question that met with defeat last November, and in our judgement the result will be the same as last election unless the good people are informed as to the advantages to be derived from the law enacted for the benefit of counties like ours. Now we feel that every voter owes it to himself to lay aside all prejudice, disinterestedly from his mind that this is a mere scheme to extort money from him and endeavor to inform himself whether it is to his advantage or his disadvantage to vote for or against this question. It is very true that a great deal of money has been expended in this county and to the masses of the people it appears to have been wasted; but this question has nothing to do with what has been wasted in the past, has nothing at all to do with any road funds that may have been misappropriated, it is a question of vital importance and one that needs and merits your unbiased, unprejudiced and loyal support. We desire to call especial attention to a part of Section 18, Chapter 23, Acts of the General Assembly of 1918, which is as follows: "The costs of the inter-county seat roads constructed under the provisions of this act shall be paid as follows: "In counties having an assessed valuation of less than \$5,000,000, seventy five per cent. shall be paid out of the State road fund and the remainder shall be paid by the county." Rockcastle county has assessed valuation of less than five million dollars therefore the above applies to us, and it is easily seen that for every dollar we pay toward road purposes the state will pay three dollars for the same purposes, then if this be true why is it not a good thing for us? The Acts of the General Assembly, above referred to, are now at the Citizens Bank, Brodhead, and we invite you to go there and read this section, acquaint yourself with the law and if you find it to your advantage then vote for your interests. If you are interested in your own homes, in your schools, in the welfare of yourself and those dependent upon you owe it to yourself to post yourself in this matter and then go to the polls and cast your vote wisely, intelligently and judiciously.

J. M. Brown, of Crab Orchard, sold to Arch Albright four lots in the Henry addition for \$200.—Mrs. Smith Adams, who was badly burned several days ago when her clothing caught on fire from a stove, died at 2 o'clock Thursday of last week and her remains were buried at the Pott's burying ground the following day.—Miss Hallie Barnes was visiting the family of Dr. D. B. Southard at Stanford last week.—Mrs. Caloway Simpson is quite ill and her recovery is considered very doubtful.—Mrs. S. A. Barnes returned last week from an extended visit to her daughter, Mrs. D. B. Southard at Stanford.—Eld. J. W. Masters is holding a revival in Harlan county and will be in that county for some time. Mrs. Masters was called to Williamsburg Saturday on account of the serious illness of relatives.—R. H. Hamm sold last week to Jop Albright his residence property on Academy street for \$3,000.—Mrs. Brack Durham and children, of Jackson, are with her parents, Mr. and Mrs. D. B. Albright, and other relatives here this week.—George Brooks is Section foreman for the present. It is said that George is the youngest railroad man holding a position like this in the state.—Mrs. Mitchell Owens, of Murrenburg, was here Monday and Tuesday, the guest of her sister, Mrs. M. H. Barnes.—John A. Osborne closed a deal Wednesday with Fred Deblin for his farm of 120 acres on the Somerset and Crab Orchard road for \$1,500. Mr. Osborne will move to this farm March 1st.—Wm. Potts sold his house and lot on West street, near old fair grounds, to Patric Harris for \$375, and bought a house and lot from C. H. Frith on Main street, opposite the Christian church, for \$800.—Mr. and Mrs. Frank Bowling have moved to the property recently purchased from Jop Albright. Mr. and Mrs. Albright are occupying temporarily a cottage of R. H. Hamm's near the depot, and Mr. and Mrs. O. A.

Forty Five Years of Success The astonishing Record of PERUNA

Not a cure-all, but a rational remedy for catarrh and all inflammation and congestion of the mucous membranes.

Catarrh attacks the mucous linings, in any organ, in any part of the body. It is not, as some imagine, confined to the nose and throat, although nasal catarrh is the most common form and afflicts many people.

Unchecked catarrh soon breaks down the tissue and destroys the organs or parts. Evidence of the ravages of catarrh are all around us. Without desire to frighten anyone, we say: "Guard yourself against catarrh as you would against the great plague. Fortify your system. Take Peruna."

INSPIRING WORDS FOR THE SICK FROM THOSE WHO KNOW. A Good Medicine is the Family. I had a bad case of Catarrh, and could eat no relief. Peruna cured me. It is a fine medicine. We often use it in the family and find it good. MRS. GENTRY GATES, 8225 First Avenue, East Lake Station, Birmingham, Alabama.

PERUNA FEELS LIKE A DIFFERENT PERSON. Peruna has cured my stomach and I feel like a different person. I can eat anything without distress, something I have not done for fifteen years. I recommend Peruna to every body suffering with catarrh of the stomach. J. J. THOMPSON, Columbus, Georgia.

FOR ALL FORMS OF CATARRH. Peruna is indicated for all forms of catarrh or catarrhal inflammation and congestion of the mucous linings in any part or organ, such as nose, throat, bronchial tubes, lungs, stomach, bowels, kidneys, bladder, etc. It is fine for coughs, colds and effects of the grip and an excellent preventive remedy. If you want health, insist upon having Dr. Hartman's World Famous Peruna Tonic. Sold Everywhere.

SPLENDID WORK OF ART

Hanging on the wall of the Christian Church is a work of art, in the form of a Peace Banner, executed by the artist, James Pinkerton, of this place, a cut-out design of a fifteen foot Golden American Eagle, hovering over the world, which bears the marking, "World Freedom," and showing the lower outline of the United States; a centerpiece shield of France, two American flags, pennant shields of England, Italy and Belgium, with a center panel bearing the inscription "Peace Unto All Peoples." This work took many hours of skillful thought, designing and painting to complete, and embodies a deep thought of the great world problem, that indicates a master brain in its execution. The artist dedicates this Peace Offering to the town of Mt. Vernon, and describes it as follows:

This emblematic decorative tribute to prospective peace at the time of signing the Armistice, was conceived by the designer through the mental reflex action of the cessation of hostilities—a calm, after so great a storm—a change from action to silence—a desire to express, after a strenuous effort to assist in helping to conquer the foe, the real feeling of a Christian people that had come to halt.

[PREAMBLE] France! a friend in need, and with her allies called with out stretched arms imploring America!—heeded the call.

[ACTION] The Great American Eagle spread its wings over the United States, arose and with a speed unprecedented, carried its prestige, munitions and men, to a world in danger—hovered over France, England, Italy and Belgium, lending the encouragement of reserves, finance and material, to a faltering people, setting the fight anew for Victory and Freedom.

And it was so—Peace came at last—the Armistice.

The cold thud of battle had left its indentations of sorrow and tired heart on the people. A desire seemed to creep through the soul of man for revenge. But no! A stiller brain, a tired body, permitted Charity to wield its sword, conquered pride, and so the good spirit of man in a weakened condition, said, Let it be "Peace Unto All Peoples."

"World Freedom" had been accomplished.

[EPILOGUE] So, the Great American Eagle spreads its wings over all the World, the Allies, the Enemy, the Emblems of the hearts of men, offers in this trying time to All Peoples what is needed throughout the world, needed by all participants in the Peace negotiations, without greed, the one great idea, Good Will.

Graves, and one of Robert McClure's children, are very sick with flu.—Mrs. Filard McClure is very sick at this writing.—Miss Winnie Fain, of Cove, who is teaching here in the graded school was with home folks Saturday and Sunday.—William Jennings Bryan Owens was in Mt. Vernon, Tuesday, called there by the court.—Mrs. I. W. Catlin has returned to her home at Highland Park—Charley Mounts, of Winchester, attended the funeral of the little child of Mr. and Mrs. M. H. Mullins—Prof. Chandler, principal of the Graded School here, was in Brodhead, Saturday and Sunday.—Mrs. Allen Mounts, who has had the flu, is slowly improving.—George Smith has returned from Corbin, after a few days visit with relatives.—Judge J. F. Dees was in Brodhead, Monday, looking after his telephone business.—Mrs. Samuel Ward, who has been confined to her room for quite a while with pneumonia, is much improved.—John Asher and L. H. Rice were called to Denver, Colorado, on account of the serious illness of Ed Asher, who went there for his health a month or so ago.—Zack Hunsel, of near Mt. Vernon, was here Sunday visiting his sons, El and Emmitt.—David Smith was in Corbin, Saturday, on business.

CATARRHAL DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. F. J. Cheney & Co., Toledo, Ohio.

PERIODIC BILIOUS ATTACKS

Persons subject to periodic bilious attacks will observe that their appetite fails them just before an attack. That is, they do not really crave food but eat because it is meal time. They will eat only a light meal and no meat, then take two of Chamberlain's Tablets the attack may be avoided.

Children Cry for Fletcher's CASTORIA

Forty Five Years of Success The astonishing Record of PERUNA

Not a cure-all, but a rational remedy for catarrh and all inflammation and congestion of the mucous membranes.

Catarrh attacks the mucous linings, in any organ, in any part of the body. It is not, as some imagine, confined to the nose and throat, although nasal catarrh is the most common form and afflicts many people.

Unchecked catarrh soon breaks down the tissue and destroys the organs or parts. Evidence of the ravages of catarrh are all around us. Without desire to frighten anyone, we say: "Guard yourself against catarrh as you would against the great plague. Fortify your system. Take Peruna."

INSPIRING WORDS FOR THE SICK FROM THOSE WHO KNOW. A Good Medicine is the Family. I had a bad case of Catarrh, and could eat no relief. Peruna cured me. It is a fine medicine. We often use it in the family and find it good. MRS. GENTRY GATES, 8225 First Avenue, East Lake Station, Birmingham, Alabama.

PERUNA FEELS LIKE A DIFFERENT PERSON. Peruna has cured my stomach and I feel like a different person. I can eat anything without distress, something I have not done for fifteen years. I recommend Peruna to every body suffering with catarrh of the stomach. J. J. THOMPSON, Columbus, Georgia.

FOR ALL FORMS OF CATARRH. Peruna is indicated for all forms of catarrh or catarrhal inflammation and congestion of the mucous linings in any part or organ, such as nose, throat, bronchial tubes, lungs, stomach, bowels, kidneys, bladder, etc. It is fine for coughs, colds and effects of the grip and an excellent preventive remedy. If you want health, insist upon having Dr. Hartman's World Famous Peruna Tonic. Sold Everywhere.

Forty Five Years of Success The astonishing Record of PERUNA

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Dr. J. C. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the life-afflicting people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filters, the purifiers, of your blood. Kidney disease is usually indicated by weariness, sleeplessness, nervousness, dizziness, backache, stomach trouble, pain in loins and lower abdomen, gaiteritis, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should take GOLD MEDAL Hairlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Hairlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Hairlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks. Ask for the original Imported GOLD MEDAL Hairlem Oil Capsules. Money refunded if they do not help you.

PERSONAL

Mrs. Minnie Merricks is very sick with the flu.
Mrs. H. T. Young is reported very sick to-day.
T. F. Warren will move to Berea and go in business.
W. H. Brown is moving to the property he bought from Chas. C. Davis.
W. A. Cox is playing the part of assistant postmaster during Mrs. Brown's absence.
C. D. Sutton spent most of the week in Cincinnati buying goods for their big main street store.
John R. Dotson has rented his farm near Wildie to Britt Durham and will move to Richmond, Ind.
Will Mullins will either go to London or Berea to take charge of a lively stable. He has options at both places.
Cashier A. M. Hiatt is here to-day and reports C. H. Frith still a very sick man. He is better than he was several days ago.
Mrs. Jones came up from Stanford yesterday to see her mother Mrs. S. H. Marti who is very sick but better than last reported.
Mrs. Mary Williams and Mrs. Cleo Brown left Wednesday for a two weeks stay with Judge and Mrs. R. G. Williams at Cevington.
Mode Crawford will move his family to the residence of Atty. J. W. Brown, and occupy a portion of the building. Mr. and Mrs. Brown will retain such rooms as they need.
We are glad to be able to report Mrs. Carrier McDowell, who underwent a serious operation at London two weeks ago, as doing nicely. Mrs. McDowell is a daughter of Mr. and Mrs. S. S. Daily.
Le Roy Hoffman a grandson of Mrs. J. C. Moore, came to our rescue this week in the absence of Mrs. Merricks who is very sick and has rendered very valuable services, making it possible to get out the paper.
Mrs. Ella Franklin of Wildie had a message yesterday stating that her son Stephen Langford was seriously ill at the base Hospital at Camp Taylor. She went to see him yesterday. Private Langford has been overseas for several months.
LOCAL
Get your tobacco canvass at SUTTON & McBRIDE'S.
WANTED:—A second-hand wood cook stove. THRO. PIGG.
O'Bryan Overalls for father and the boys at Fish's.
Charley Philbeck has sold his farm near Mareburg to Wm J. Sams and moved to town.
Fish's are showing some extra good spring suits for men and young men from \$45 down to \$15.
Get your stock ready for the opening sale at the Rockcastle Stock Pens, third Monday in March.
Circuit Court will adjourn tomorrow. This week has been devoted exclusively to the trial of civil and equity cases.
Hon. E. Bullock closed a deal yesterday for 395 acres of land on the east side of Kincaid Ridge. Price not given but it is considered a valuable piece of property. A boundary of fine timber on this land is for sale.
Haddin Moore of Climax was in town this week and tells us that his nephew, Thomas Moore, who was reported wounded and later killed in action in France, is very much alive and with the Army of Occupation in Germany to-day. Young Moore's parents live in Julesburg, Col.

If the people in Rockcastle ever expect to have roads, they had better take advantage of the opportunity now being offered.

W.R. McClure has bought of J. A. Oliver a stock of goods near the depot in Berea and will leave in a few days for that point to live and take charge of his business.

All Baptist members who have not paid your budget for last month, please do so at once. Do not put it off. It is due each month. Church Treasurer

NOTICE: There will be preaching services at the Baptist Church Saturday evening 7 P. M. and Sunday 11 A. M. and 7 P. M. by the Rev. G. C. Mullins. We want every member to hear him and all others who will.

FEW PLAIN FACTS

The following are a few plain facts which no man can deny concerning the proposed road tax which will be voted on March 15. Who asked that a vote be taken in Rockcastle?
Rodman Wiley the Commissioner of Roads for Kentucky.
Why did he make the request? Because as Commissioner, he wants to improve the roads.
How much will the tax be? 20 cents on each \$100.
For how many years will the tax run? 5 years.
How much will that bring in from the county each year? \$8,500.00 each year.
How much will the State pay? About \$23,500.00 and amount to be received from the Bond fund which will be added to this amount, \$5,500 will make about \$31,000 the county will receive from the State each year.
How much in all will that make for roads each year? Between \$39,000 and \$40,000.
How much will our tax be increased? Not one cent.
How much tax do we pay for all purposes now? \$1.30 on each \$100.
How do you know that the tax will be the same? The Fiscal Court has made an order that the tax shall not exceed \$1.30 on the \$100.
How will this money be spent? \$7,000 on road to Crab Orchard; same on road to Madison; same on road to Laurel; same on road to Pulaski by way of Hansford; same on road by Mareburg. Freedom through to Level Green and balance on Langford road to Oriando.
How do you know this will be done? Because the Fiscal Court will meet tomorrow and make an order to that effect.
Will each Magisterial District have representatives to see that the work is done and that each district gets a square deal? Each Magisterial District will have two men who will meet with Fiscal Court, see that their district is properly taken care of and that a square deal is given to all.
How is the levy for 1918 divided? It is divided as follows: 40 cents for State, 30 cents for County General Fund, 17 1/2 cents for schools, 20 cents for Bond fund and 22 1/2 cents for roads and bridges. Total, \$1.30.
If the road election carries what will the rate for 1919 be? State 40 cents, General Expenses of County 30 cents, Bonds 20 cents, roads 20 cents, schools 15 cents, bridges 5 cents—total, \$1.30.
If there is no decrease or any increase in the tax why is it so necessary that the 20 cents be voted? The State will not pay to any county unless the people vote the tax?
How much will the State pay? The State gives us \$1.00 for every \$1.00 we pay.
If any man doubts these state ments, examine the 1918 Statute, page 65, chapter 23, on roads, and also write Rodman Wiley, Commissioner of Roads, Frankfort, Ky.
At the Citizens Bank, Brodhead, First State Bank, Livingston, or any law office in Mt. Vernon, a Statute, with the new road law, can be seen.

The Co-Operative Land & Development Co. advised their local manager, W. H. Fish, by wire, last night that they had brought in their No. 4 on Ross Creek in Estill county this week. This is estimated at 100 barrels or better.

WILLAILLA

Rev. A. J. Pike filled his regular appointment at Poplar Grove, Saturday and Sunday. — Miss Della Ping, of Walnut Grove, was the guest of Miss Grace Thompson, Saturday night and Sunday. — Hugh McBee has a severe attack of flu. — Miss Myrtle Hamm was with her sister, Mrs. George Hasty, Saturday night and Sunday. — Egbert Norton, of the Wabash section, spent a few days last week with his cousin, J. W. Norton. — Born, to the wife of J. S. Hasty, a fine boy, on Thursday, February 6th. — W. H. Cummins sold a pair of young mules to Emmitt Sowder, of Mt. Vernon, for \$200. — Miss Ada Goffe, of Ocala, was the guest of her cousin, Miss Dorothy Owens, Friday. — Mr. and Mrs. Arthur Cummins and little daughter, Isabelle, were with her parents, Mr. and Mrs. J. M. Cummins, from Sunday until Tuesday. — W. H. Cummins is on the sick list. — Mr. and Mrs. C. G. Herrin spent Sunday with her mother, Mrs. Mary Cummins. — John Goff is very low with pneumonia. — Miss Cora Metcalf, of Bee Lick, spent last week with her sister, Mrs. W. H. Cummins. — Miss Pearl Hurst spent Sunday night with her grandmother, Mrs. Mary Cummins. — Mrs. Esmer Cummins was with her mother, Mrs. Doela Smith, from Saturday until Monday. — Mrs. Sallie Craig and Miss Sallie Owens spent Tuesday with Mrs. Lottie Debord.

CHRONIC CONSTIPATION.

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have bought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation.

Concerning Well-Known Business and Newspaper

WHAT CLARKSVILLE MERCHANT THOUGHT AND WHAT THE LOUISVILLE COURIER-JOURNAL THINKS

The writer was walking along our main business thoroughfare this morning when he saw a friend, a merchant, standing nonchalantly in front of his store. Bantering him the newspaper man suggested that an ad in The Signal would put him behind his counters. The merchant replied: "Yes, I know that... but I don't want to kill myself working. I like to get out here once in awhile and enjoy the ozone, see the blue sky and hear the pigeons coo, and look here, Bill, I've been thinking that I really ought not to have to advertise so much. I've been here in business for 25 years. I've been at this same stand. I've handled the same merchandise all that time. I sell only reliable goods. I treat the public fair and square. Now they know all about me and when they need merchandise they know they can come right here and get it. Now, isn't that correct reasoning?" "Well, my friend," said the newspaper man, "I can't stop right now to show you the fallacy of your logic, for I must go to the office to look after the advertisement of another old-timer, a sure-enough old-timer, who recently celebrated her fiftieth anniversary in business, namely The Courier-Journal. We know The Courier-Journal, its achievements in the past, its steady progress with the forward march of time and events and yet when the Old Lady wants to get far reaching results she gets them by the quickest, surest route, by Advertising. And when she wants to reach this section, she advertises in The Signal, another leader. If in a smaller way, in the progress and welfare of the community it serves. Watch

DOLLARS AND CENTS.

Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself, in fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months.

Vinton's Liberty Loan Boat Will Have Girl Sponsor

MARGARET FISCHER

NOT a very big girl, Margaret. And when she stands up alongside of a great ocean boat she will not look any bigger. But she is going to christen a boat just the same. Vinton County, Ohio, has chosen her—Margaret Fischer of Zaleski, Ohio—to be sponsor for the boat which that county won the right to name. Vinton County won the distinction in the last Liberty Loan campaign when it was the first county in the Cincinnati area to attain its quota in Liberty Bond sales. The county's quota was \$120,500, and it had subscribed that amount at the end of the first day of the drive. Its final subscriptions totaled \$158,850. The boat is being built in one of the big government ship yards and probably will be ready for the launching in Spring.

UNCLE SAM HAS BIG APPETITE NOW FOR SAFE INVESTMENTS

BETWEEN TWENTY AND TWENTY-FIVE MILLION BOND BUYERS TAKE ELEVEN BILLION IN YEAR.

Perseverance who shake their head and join the chorus of "I dunno" boys, the prospect of floating a Fifth Liberty Loan in April are given food for thought in some figures which have recently been compiled by officials of the Treasury Department at Washington.

The figures give us some idea of just how big an appetite for safe investment this country has attained in its war-year.

Some of the more striking of the figures referred to follow:

A bond market which had less than 300,000 customers two years ago had at the close of 1918 between 20,000,000 and 25,000,000 buyers.

The army of buyers absorbed \$11,165,565,750 worth of bonds in Liberty Bonds alone in 1918.

In the two years of the war—counting the first and second Liberty Loans which were floated in 1917—these bond buyers digested a total of \$16,974,329,850 Liberty Bonds.

A further development which has optimistic turn is the fact that very sort of bond—municipal, school, industrial, etc. Bond dealer are selling out all legitimate offerings with such celerity that they are constantly seeking about the country for new issues to meet the demand.

This healthy condition of the bond market is explained, perhaps, by the fact that the entire indebtedness of the United States today amounts to slightly less than 7 per cent of the estimated national wealth. The national debt amounts to only about \$170 per capita.

Some of the national debts are: Great Britain, 43 per cent of national wealth or \$260 per capita; France, 41.25 per cent of national wealth or \$256.50 per capita; Austria, 34.66 per cent of national wealth or \$242.90 per capita; and Germany, 38.7 per cent of national wealth or \$265.90 per capita. These figures on Germany are exclusive of the ninth war loan, a return of which never were had, and in the cases of both Austria and Germany no account is taken of any indemnities which those nations may have to pay.

Japan is the only big nation which has a lower per capita debt in relation to its wealth than the United States.

ADVICE TO "FLU" CONVALESCENTS

SPAIN AND ENGLAND REPORT INCREASE IN TUBERCULOSIS AFTER INFLUENZA EPIDEMIC.

U. S. Public Health Service Warns Public Against Tuberculosis. One Million Cases Tuberculosis in United States—Each a Source of Danger.

Influenza Convalescents Should Have Lungs Examined—Colds Which Hang On After Beginning of Tuberculosis No Cause for Alarm If Tuberculosis Recognized Early—Patient Medicines Not to Be Trusted.

"During influenza after influenza. No need to worry if you only present tons to time. Don't diagnose your own condition. Have your doctor examine your lungs several times at monthly intervals. Build up your strength with right living, good food and plenty of fresh air. Don't waste money on patent medicines advertised to cure tuberculosis. Purchase a fresh-air crank and enjoy life."

Washington, D. C. (Special.)—According to a report made to the United States Public Health Service, the epidemic of influenza in Spain has already caused an increase in the prevalence and deaths from pulmonary tuberculosis. A similar association between influenza and tuberculosis was recently made by Sir Arlidge, M. C., the chief medical officer of the English public health service, in his analysis of the tuberculosis death rate in England.

In order that the people of the United States may profit by the experience of other countries, Surgeon General Rupert Blue of the United States Public Health Service has just issued a warning, emphasizing the need of special precautions at the present time. "Experience seems to indicate," says the Surgeon General, "that persons whose resistance has been weakened by a attack of influenza are peculiarly susceptible to tuberculosis. With influenza of its people recently affected with influenza this country now of less conditions favoring the spread of tuberculosis."

One Million Consumptives in the United States.

"Then you consider this a serious menace?" was asked. "In my opinion it is, though I hasten to add it is distinctly one against which the people can guard. So far as one can estimate there are at present about one million cases of tuberculosis in the United States. There is unfortunately no complete census available to show exactly the number of tuberculous persons in each state despite the fact that most of the states have made the disease reportable. In New York city, where reporting has been in force for many years, over 35,000 cases of tuberculosis are registered with the Department of Health. Those familiar with the situation believe that the addition of unrecognized and unreported cases would make the number nearer 50,000. The very careful health survey conducted during the past two years in Framingham, Mass., revealed 200 cases of tuberculosis in a population of approximately 18,000. If these proportions held true for the United States as a whole they would indicate that about one in every hundred persons is tuberculous. Each of these constitutes a source of danger to be guarded against."

What to Do.
In his statement to the public Surgeon General Blue points out how those who have had influenza should protect themselves against tuberculosis. "All who have recovered from influenza," says the Surgeon General, "should have their lungs carefully examined by a competent physician. In fact, it is desirable to have several examinations made a month apart. Such examinations cannot be made through the clothing nor can they be carried out in two or three minutes. If the lungs are found to be free from tuberculosis every effort should be made to keep them so. This can be done by right living, good food and plenty of fresh air."

Danger Signs.
The Surgeon General warned especially against certain danger signs, such as "decline" and "colds which hang on."
"Then he explained, were often the beginning of tuberculosis. 'If you do not get well promptly, if your cold seems to hang on or your health and strength decline, remember that these are often the early signs of tuberculosis. Place yourself at once under the care of a competent physician. Tuberculosis is curable in the early stages. Patent Medicines, Dangerous in Tuberculosis.'"

"Above all do not trust in the misleading statements of unscrupulous patent medicine makers. There is no specific medicine for the cure of tuberculosis. The money spent on such medicines is thrown away. It should be spent instead for good food and decent living."
